Understand The Results

The analysis of our gender gap figures tell us that on average, women and men are paid very nearly the same rate, despite the majority of our workforce being male.

We operate a standardised pay structure across all roles to ensure that all employees, regardless of gender, are paid fairly and equally for the job they do.

Our people are at the heart of everything we do and by continually nurturing our talent, we provide the platform and opportunity for an amazing career with DPD for all employees.

Next Steps

We care about building an environment where all employees have access to the same opportunities. We'll continue our work towards this in two areas:

1.

Recruitment

Ensuring we select the right person for the job, through fair and balanced processes

2.

Development Opportunities

ensuring merit alone determines who our future leaders are
